## The purpose of the Course

The course will provide a grounding in the history of whisky making, the production process and marketing of the product and will develop skills in nosing and tasting. In particular, it will focus on developing an appreciation of the general characteristics of the different styles and types of Scotch whisky.

## Who's it for?

The course will be especially relevant to those who work in the Scotch whisky, hospitality, leisure & tourism and retail industries, but it is available to anyone of appropriate age\* with an interest in whisky.

## An Open Learning course

of approximately 20 hours study, delivered online and includes a series of miniatures for nosing and tasting. Leads to a Moray College UHI/Gordon & MacPhail Certificate.
